

PROGRAMUL DE COOPERARE ELVEȚIANO-ROMÂN
SWISS-ROMANIAN COOPERATION PROGRAMME

Invitation

The **National Centre for Sustainable Production and Consumption** and partners: the **Genevese Association for Circular Economy** and the **Romanian Association of Clusters** are honored to invite you in the launching session of the **Romanian Network for Eco-Innovation (RE-IN)** Within the framework of the project **“ECO Partner” – Partnership for Eco-innovation**

Launching session of Romanian Network for Eco-Innovation (RE-IN)
Thursday, 02 June 2016, Hotel Royal, B-dul Mircea Vodă no. 28, Sector 3, Bucharest

Objectives of the Meeting

Presentation of ECOPartner project and up to date achievements
Sharing of best practices on specialized global and national networks
Explore the needs and expectations of participants in relation to RE-IN
Setting of the RE-IN organizational framework

Project Background

The Partnership for Eco-innovation - “ECO Partner”, is a project co-financed by a grant from Switzerland through the Swiss Contribution to the enlarged European Union. ECO Partner overall’s objective is to strengthen the partnership between Romanian and Swiss organizations and set the eco-innovation partnership in Romanian, as a common framework for future initiatives. The goals are set to layout the foundation for a continuous and sustainable collaboration among Romanian partners “Association National Centre for Sustainable Production and Consumption”, the “Romanian Association of Clusters” and the Swiss partner, Genovese Association for Development of Circular Economy. The project will install a mechanism for support and cooperation between Romanian and Swiss stakeholders that will foster adoption of eco-innovation at the industry level, contributing to a more sustainable, economically and socially balanced development of the enterprises.
